

# Try Luge for Free in Ashwaubenon

## May 25-26

### For kids ages 10-13

### The USA Luge Slider Search

Aside from providing a chance to try a new sport, the USA Luge Slider Search is the primary means for identifying talented youngsters to become members of the National Luge Team structure.

Does the program work? Just ask the 20 Olympians (and two medalists) discovered through the Slider Search.

Using wheeled sleds, kids will be taught how to safely steer and stop. Olympians and National Team athletes will be there to help and coach participants.

An afternoon of fun could lead to Olympic glory (plus, everyone gets a free t-shirt!).
