

National Walk to School Day

Wednesday, October 9th, 2024

How will it work?

We ask parents or guardians to walk with their elementary school children to school on October 9th. **If you do not live within walking distance, you may either:**

- walk your child to the bus stop and wait with them
- park a few blocks away from school and walk the rest of the distance
- go for a walk the night before

Please review walking safety with your child(ren).

Thank you,

Pioneer Physical Education Department
